## EDUCATION

**2022-2026**
**THE APOLLOUNIVERSITY**

- Artificial Intelligence and Data Science (AI&DS)

## SKILLS

- Python
- SQL
- Machine Learning
- Artificial Intelligence

## LANGUAGES

- English
- Telugu
- Tamil

## HOBBIS

- Listening to music
- Watching Movies
- Playing online Games

## VOLUTEER EXPERIENCE

- NSS Volunteer
- CSI member

## PROFILE

Computer Science student at Apollo University with strong programming skills in Python and a focus on artificial intelligence and data analysis. Experienced in volunteer coordination, demonstrating leadership and community engagement. Quick to adapt and eager to apply new technologies in real-world projects, aiming to contribute to innovative software development and AI research.

## INTERNSHIP EXPERIENCE

- **UNIFIED MENTOR**
  Data Science Intern

  - Worked on real-world datasets to derive insights and build predictive models.

- **REV O SEVEN TECHNOLOGIES**
  Data Science Intern

  - Analyzed Amazon sales data to identify business insights and optimize sales performance.

## MINI PROJECTS

- Temperature Converter
- Emotion Detection
- Budget Analysis

## WORKSHOPS AND TRAINING

- Artificial Intelligence and Computer Human Technology
- Web Development using HTML
- Machine Learning in the World Today
- Internet of Things (IoT)
